

VIII.3.3 DESCRIPTION OF FORECAST COMPONENT OPERATIONS

This Section contains system documentation for each of the available Operations.

The Operations are identified by the identifiers given in Section V.3.2 [[Hyperlink](#)].

The documentation for each Operation includes the following:

- o the Operation identifier
- o the Operation number
- o a description of the Parameter array
- o a description of the Carryover array
- o subroutine names and functions
- o subroutine and function descriptions
